

Bob Severino is HouseWorks' Director of Home Modification. Since 1992, Mr. Severino has guided the growth of this division from a small handyman service in Somerville, Massachusetts to a comprehensive home adaptation and maintenance business serving seniors throughout Greater Boston.

Over the years, Mr. Severino has become a rare expert in creating solutions for clutter-filled homes and hoarding crises. Under his direction, HouseWorks' home modification team tackles the toughest jobs, bringing exceptional sensitivity and skill to jobs that conventional cleaning companies cannot handle. In 2007, he received the Jeannie Warren Paine Award from Paine Social

Services in recognition of his extraordinary success helping older adults and their families cope with the consequences of hoarding.

Mr. Severino served in Vietnam from 1968-1969 and received an honorable discharge in 1971.
